THE SMALL BEAST

BANKO
INDUSTRIAL POWER TOOLS

The most powerful small hand-held grinder available in the market

GTB21

3,5 kW / 2,2 kg

Unmatched power-to-weight ratio provide extreme material removal rate with minimum effort which allows new levels of productivity

Benefits

- The most efficient grinding with half the weight for an extreme material removal rate with minimum effort
- Much less insensitivity to variation of pressure, impossible to stall with the right hose and pressure
- Grinding with much less vibration due to grinding of the wheel at the constant right speed
- Oil-less grinding which enables clean surface and more environmentally friendly operation
- Ergonomically shaped and balanced design for less operator fatigue and easy control

Features

- The most efficient 6 stage turbine motor
- Precise stainless steel governor working under any pressure and condition
- Adjustable wheel guard
